PROJECTS

Online Sports Center

📅 2022 - 2023 📍 Mumbai
🔗 https://github.com/ankit12345677/Project1OnlineSportsCenter.git

- Developed "Online Sports Center" web app using React.js for frontend and Node.js for backend.
- Implemented user authentication and seller dashboard for sports product categorization.
- Admin categorized products by sports; exposed via REST API for customer viewing.
- Enabled customer product selection, automated price calculation, and flexible payment options for secure delivery.

DECLEARTION

The facts I've mentioned are true to my knowledge. If I get the chance to work with your organization, I'm dedicated to doing my job well and making sure the team is happy.
